

The Honorable Michael K. Powell  
Chairman  
Federal Communications Commission  
445 12th Street, S.W.  
Washington, D.C. 20554

Dear Chairman Powell:

I don't think it is right that cable tv has the right to give all its viewers their local channels and those of us who can't get cable and want to use a dish have got to go through all this red tape to bring a merger that would make it possible for us as American citizens to also get the right to view our local channels, as our representatives I hope there is something you can do to speed up this process , I have been waiting to long!!!! I hope that we can count on your support!!!

Sincerely,

David Howrigan
